

Women's Lobby

Women's Lobby of Colorado

2016 Legislative Scorecard

We are pleased to present our eighth annual legislative scorecard reflecting women's priorities in the state of Colorado!

Our goal is that this scorecard serves as a guide to Coloradans on issues that are important to women and families.

This scorecard provides the voting records of each member of the Colorado State Legislature on priority bills for the Women's Lobby that were considered in the 2016 session.

A legislator's overall score reflects how their votes align with

the positions of the Women's Lobby of Colorado.

Since 1993 the Women's Lobby has sought to provide better opportunities for women in our state by ensuring that public policies reflect gender equity and justice.

SCORING METHODOLOGY

In total the Women's Lobby selected a total of 12 bills and 2 amendments to score this year. These bills/amendments were priorities for the Women's Lobby, our member organizations, or our coalition partners, with the goal of representing the needs of Colorado women at the Capitol.

All bills/amendments were selected were voted on by either the whole Senate, whole House, or both. In the Senate we were able to score 6 bills and one amend-

ment, in the House we were able to score 12 bills and one amendment.

Votes cast in committees were **not** counted in a legislator's score. Only the votes taken by all Senators or Representatives while on the floor of their Chamber were considered in the final score.

Each legislator's score reflects the percent of the time that legislators' votes were consistent with the Women's Lobby position on the bill or amendment.

Scoring Key:

✓ = Indicates the legislator voted consistent with the position of the Women's Lobby.

X = Indicates the legislator voted against the position of the Women's Lobby.

O = Indicates the legislator was absent and did not vote.

NV = Indicates the legislator did not vote because they were not yet in that office.

Women's Lobby of Colorado at the Colorado Legislature in 2016

Women's Lobby Board Chair Peg Perl speaking at the Women's Legislative Breakfast

In 2016, the Women's Lobby focused on bills that matter to Colorado women — including bills to improve our state's education system, access to child care for all families, equal pay policies for women, bills to improve women's health, and bills to better protect domestic violence and sexual assault victims.

This year the Women's Lobby had our most active session ever, supporting 25 and opposing nine bills. Our volunteer board members testified at eight hearings. We testified in support of six bills we believed would help Colorado women, including proposals to improve health insurance with increased access to birth control and better coverage in breast cancer screenings, reinstatement of a law allowing parental leave for school activities, and several pay equity bills.

We also testified in opposition to two bills that could have made women's lives harder, including a proposal to allow employers and businesses to discriminate in benefits and services based on religious views, and a bill targeting abortion providers for unnecessary regu-

lations that would have reduced access to safe and legal abortion care in Colorado.

While this session seemed to be one of disagreements between the Chambers with opposing party leaderships, there were a few wins for women and families. These included the inclusion of family planning funding for low-income women to access long acting and reversible contraception in the budget and requirements that Colorado employers provide pregnant women physical accommodations at work. These policy wins deal directly with our mission, to promote

"The Women's Lobby of Colorado is an important voice at the Capitol about the issues that impact Colorado women and families."

- Brittany Pettersen, State Representative

justice and equity for Colorado women.

But, we saw stalling by some legislators on policies that would greatly help women and families. In fact, Republicans on the Senate State, Veterans, and Military Committee defeated six of our priority bills this session, including a bill to help Colorado low-income families afford child care, a bill to remove barriers to birth control in private insurance, a pay equity bill, a bill to improve insurance coverage of breast cancer screenings, and a bill to reinstate a law allowing parental leave from work for academic activities. Another bill, also dealing with pay equity for women made it through that Committee, but was defeated in the Senate with all Senate Republicans voting against it.

While we were disappointed the Colorado legislature did not do more for Colorado women and families in 2016, we look forward to working with them next year to do just that.

"The Women's Lobby of Colorado broadly represents women, and fights to ensure legislation passed reflects gender equality for all women across our state."

- Morgan Carroll, State Senator

Women's Lobby participated in a Women and Families Wednesdays Lobby Day at the Capitol this session

Women's Lobby Board Member Sue Brown testifying in support of a pay equity bill sponsored by Rep. Jessie Danielson

SUMMARY OF BILLS ON SCORECARD

Senate Bill 16-022 **Child Care Assistance Cliff Effect Pilot Program**
WLC Supported Senator Beth Martinez Humenik
Representative Brittany Pettersen

Passed both Chambers, Signed by the Governor

The bill removes limitations on a pilot program created in 2012 to help mitigate the cliff effect for low-income families who are working and receiving child care assistance. The bill removes the existing 10-county cap on the number of counties that may participate in the program, and removal of the two-year participation requirement for counties if the Department of Human Services (DHS) determines that participation during a shorter period will contribute relevant data to the evaluation of the pilot program.

Senate Bill 16-212 **12 Month Eligibility Child Care Assistance Program**
WLC Supported Senator Larry Crowder
Representative Janet Buckner

Passed both Chambers, Sent to the Governor

This bill makes changes to align state law on eligibility for the Colorado Child Care Assistance Program (CCCAP) with federal law. Specifically, if an eligible participant's income rises above the level set by the county to deny child care assistance during the twelve-month eligibility period, the county must continue providing the child care subsidy until the next twelve-month redetermination period, and must provide no less than 90 days notice. This helps prevent families from being cut off instantly from child care.

House Bill 16-1001 **State Contractors Certify Compliance With Equal Pay Laws**
WLC Supported Senator Jessie Ulibarri
Representatives Jessie Danielson and Janet Buckner

*Postponed Indefinitely in the Senate State Veterans, and Military Affairs Committee 3-2
Members voting in support of the bill were Senators Jessie Ulibarri and Matt Jones. Members voting against were Senators Owen Hill, Ray Scott and Jerry Sonnenberg.*

HB1001 was the Women's Lobby of Colorado's priority bill this session. The bill would have required companies to certify that they are in compliance with state and federal equal pay standards before being awarded a state contract. HB1001 would have ensured businesses receiving state contracts demonstrate they pay men and women the same for equal work.

House Bill 16-1002 **Employee Leave Attend Child's Academic Activities**
WLC Supported Senator Andy Kerr
Representative Janet Buckner

*Postponed Indefinitely in the Senate State Veterans, and Military Affairs Committee 3-2
Members voting in support of the bill were Senators Matt Jones and Andy Kerr. Members voting against were Senators Owen Hill, Ray Scott and Jerry Sonnenberg.*

In 2009, the Legislature passed Parental Involvement for Academic Achievement which allowed many Colorado employees to take leave to attend their children's school activities. This legislation sunset on September 1, 2015, and legislation the Women's Lobby supported to re-authorize it failed last session. HB1002 was the second attempt to reauthorize the law and would have allowed employees of Colorado businesses to take up to 18 hours of leave per academic year to tend to their children's parent-teacher conferences, special education services and dropout prevention meetings.

SUMMARY OF BILLS ON SCORECARD

House Bill 16-1050 **Early Childhood and School Readiness Legislative Commission**
WLC Supported Senator Mike Merrifield
Representative Brittany Pettersen

Postponed Indefinitely in the Senate State, Veterans, and Military Affairs Committee 3-2
Members voting for the bill were Senators Jessie Ulibarri and Matt Jones. Members voting against the bill were Senators Owen Hill, Ray Scott and Jerry Sonnenberg.

HB1050 would have created a commission to evaluate policy options to best help low-income parents afford child care. For many working families child care is one of the most expensive bills each month and we need policies to ensure all Colorado workers have a fair shot to care for their families.

House Bill 16-1080 **Assault By Strangulation**
WLC Supported Senators John Cooke and Mike Johnston
Representatives Mike Foote and Lois Landgraf

Passed both Chambers, Sent to Governor

HB1080 updates Colorado's first and second degree assault statutes to recognize the lethality of strangulation and suffocation. Women, who make up the majority of domestic violence victims, are more likely to be the victims of strangulation. Currently in Colorado, most cases of strangulation are charged as a third degree assault, which is a 1st degree misdemeanor. Many cases of strangulation/suffocation are written as municipal court violations. This does not reflect the seriousness of the crime and does not hold perpetrators accountable for this violent crime.

House Bill 16-1156 **Extend Pay Transparency Protection to All Employees**
WLC Supported Senators Kerry Donovan and Rollie Heath
Representatives Jessie Danielson and Joseph Salazar

Passed House, Died on Senate Third Reading by a vote of 18-16 with one excused

HB1156 would have extended the protections under the Colorado Wage Transparency Law which was enacted in 2008 to allow employees to discuss and share their wage information with each other without fear of retribution to employees currently without the protections, such as those with state jobs. These are important protections for women who are often paid less than their male counterparts.

House Bill 16-1227 **Exemptions of Child Support Requirements for Child Care Assistance**
WLC Supported Senator Owen Hill and Larry Crowder
Representatives Daniel Kagan and Brian DelGrosso

Passed both chambers, Governor signed

This bill will help Colorado teen mothers qualify without having to submit an application for child support as a condition of receiving child care assistance. For some, who are victims of domestic violence or in fear of seeking child support, this is a major barrier to getting child care, which could help teen mothers seek further education or employment. The county can require the parent to attend informational sessions on the benefits of child support and two-parent engagement in a child's life. Counties can reinstate this requirement once the parent is no longer a teen.

SUMMARY OF BILLS ON SCORECARD

House Bill 16-1294 **Contraception Coverage in Public & Private Insurance**
WLC Supported Senator Lucia Guzman
Representatives Susan Lontine and Daneya Esgar

Postponed Indefinitely in the Senate State Veterans, and Military Affairs Committee 3-2
Members voting for the bill were Senators Irene Aguilar and Kerry Donovan. Members voting against the bill were Senators Owen Hill, Ray Scott and Jerry Sonnenberg.

HB1294 would have strengthened Colorado's law around birth control by codifying the Affordable Care Act's requirement that private insurance cover all FDA-approved prescription birth control methods. The bill would have improved enforcement at the state level to ensure Colorado women can choose the best birth control for them.

House Bill 16-1322 **Health Coverage Prescription Contraceptives Supply**
WLC Supported Senator Kerry Donovan
Representatives Brittany Pettersen and Don Coram

Postponed Indefinitely in the Senate State Veterans, and Military Affairs Committee 3-2
Members voting for the bill were Senators Jessie Ulibarri and Matt Jones. Members voting against the bill were Senators John Cooke, Ray Scott and Jerry Sonnenberg.

HB1322 would have allowed Colorado women with private insurance to pick up their annual supply of monthly prescription birth control at one time. Studies have shown when women have less interruptions in birth control they are less likely to have unintended pregnancies, as well as more consistent personal health outcomes.

House Bill 16-1381 **Health Care Coverage for Breast Cancer Screening**
WLC Supported Senator Nancy Todd
Representative Dianne Primavera

Postponed Indefinitely in the Senate State Veterans, and Military Affairs Committee 3-2
Members voting for the bill were Senators Jessie Ulibarri and Matt Jones. Members voting against the bill were Senators John Cooke, Ray Scott and Jerry Sonnenberg.

HB 1381 would have clarified an existing law & close a health insurance coverage gap by stating that full coverage for breast cancer screenings applies to mammograms. Also, it would have required that inconclusive mammogram results or who are at high-risk for breast cancer, a mammogram & medically recommended secondary screening tests are covered.

House Bill 16-1405 Remove LARC Funding from Budget Amendments
WLC Opposed Senators Tim Neville and Laura Woods (Senate version)
Representatives Patrick Neville and Kim Ransom (House version)

Amendments in both Chambers failed

HB1405 was this year's "Long Bill" which is Colorado's budget and is authored by the Joint Budget Committee (JBC). This year it included funding for the very successful Colorado Family Planning Initiative. This program, previously funded by private grants, provides low-income women access to long acting and reversible contraception (LARC) options, such as IUDs and implants. Last year legislation to fund the program failed. However, with bipartisan support on the JBC and in the Colorado Senate, funding for the program was included in this year's Long Bill. There were two amendments offered to remove the funding, which the Women's Lobby opposed and have scored.

SUMMARY OF BILLS ON SCORECARD

House Bill 16-1438 **Employer Accommodations Related To Pregnancy**
WLC Supported Senator Beth Martinez Humenik
Representatives Faith Winter

Passed both Chambers, Sent to the Governor

The Colorado Pregnant Workers Fairness Act (HB1438) will ensure that pregnant workers can stay safe and healthy while earning paychecks to support their families. Too often, pregnant women across Colorado are being pushed out of their jobs or forced to risk their health when they just need a modest accommodation on the job, like a stool to sit on or the ability to drink water to stay hydrated. This bill will allow pregnant workers to have basic physical accommodations on the job, and enable them to continue to care for themselves and their families.

Priority bills that died prior to floor votes, so votes were not considered in overall score.

House Bill 16-1203 **Women's Health Protection Act**
WLC Opposed Representative Patrick Neville

Postponed Indefinitely in the House Health, Insurance and Environment Committee
Members voting against the bill were Representatives Beth McCann, Joann Ginal, Dianne Primavera, KC Becker, Susan Lontine, Daneya Esgar, Janet Buckner. Members voting for the bill were J.Paul Brown, Gordon Klingenschmitt, Janak Joshi, Lois Landgraf, Stephen Humphrey and Kim Ransom.

HB1203 would have decreased access to safe and legal abortion. The bill, similar to bills passed in states like Texas, would have placed burdensome and unnecessary clinic regulations on abortion providers, required abortion providers to have admitting privileges at a hospital within 30 miles which endangers rural women's access to safe and legal abortion, and would have moved jurisdiction to the Attorney General from the Colorado Department of Public Health and Environment which oversees all health care licensing in the state of Colorado.

House Bill 16-1218 **A Woman's Right To Accurate Health Care Info**
WLC Opposed Senator Tim Neville
Representative Lori Saine

Postponed Indefinitely in the House Health, Insurance and Environment Committee
Members voting against the bill were Representatives Beth McCann, Joann Ginal, Dianne Primavera, Su Ryden, Susan Lontine, Daneya Esgar, Janet Buckner. Members voting for the bill were J.Paul Brown, Gordon Klingenschmitt, Janak Joshi, Lois Landgraf, Stephen Humphrey and Kim Ransom.

HB1218 would have created numerous medically unnecessary and intrusive burdens for women seeking safe abortion services and for the doctors who provide that care. It would have forced women seeking an abortion to delay accessing care for 24 hours, and would require doctors to follow numerous of non-medical and meddlesome procedures before providing abortion care.
